

danielgarcía

Programmer
Innovation Specialist

About me

I am a young developer of 22 years old, with a history of 6 years of experience in the medium.

My thirst for knowledge led me to explore the whole world of technological development, still my greatest strength application development.

Most of my virtues is curiosity, this being one of my most influential when learning new trends and technologies impulses.

Innovate and create a better world is the greatest of my goals.

Professional Skills

Web Dev

Dev/Design
Front-end/Back-end
Analytics/SEO
Admin/Manage

HTML5 CSS5 Javascript
jQuery Bootstrap Angular
Animation Responsive

Mobile Dev

UX Design
